ORDINANCE NO. 2025-1**

BOUNDARY LINE ADJUSTMENT ORDINANCE

An ordinance to permit the Township Assessor the authority to approve boundary line adjustments in the Township; to provide application and approval procedures; to repeal inconsistent ordinance provisions and to provide an effective date.

The Township of Norway, County of Dickinson, State of Michigan, ordains that :

SECTION I
PURPOSE AND ENABLING AUTHORITY

The purpose of this ordinance is to promote the public safety, health and general welfare and the orderly processing of boundary line adjustments as identified in the Michigan Land Division Act (formerly Subdivision Control Act), Public Act 288 of 1967, as amended, (MCL 560.101, *et seq.*) created by the transfer of land between 2 or more adjacent parcels, when the property taken from 1 parcel is added to an adjacent parcel.

The Michigan Land Division Act allows a municipality to adopt an ordinance to carry out its provisions. The Township Board finds it necessary and appropriate to create an ordinance that will required submittal of boundary line adjustments to the Township's Assessing Officer and to provide a methodology for review and approval thereof so that the assessing officer is notified of the boundary line adjustment and can reflect the adjustment in the Township's assessing records.

SECTION II
DEFINITIONS

For the purposes of this ordinance, the following words shall have the following meanings:

- A. **Applicant:** The person or entity holding an ownership interest in the land proposed to be transferred.
- B. **Boundary line adjustment.** A property transfer between 2 or more adjacent parcels, if the property taken from 1 parcel is added to an adjacent parcel. Platted lots are not subject to this Ordinance. Platted Lots subject to potential division shall be processed in accordance with the Township's Platted Lot Split Ordinance.

- C. **Recipient.** The person or entity that shall own the property subject to boundary line adjustment after the boundary line adjustment is made.

The property subject to transfer shall be legally described, either separately or as part of the recipient parcel. In the event the applicant is not the sole owner of the land proposed to be transferred, the application shall not be approved until all owners have concurred with the filing of said application by signing said application or otherwise giving evidence of their approval.
- B. The Land Division Official shall review the application and shall act on the application within forty-five (45) days of receipt of a complete application. The Land Division Official shall record his or her approval on the application, which shall authorize the applicant to record a deed establishing the boundary line adjustment. A copy of the recorded deed shall be transmitted to the Assessing Officer, who shall adjust the Township's assessing records to provide for such property line adjustment. The Land Division Official shall not recognize any property line adjustment that has not been approved under this Ordinance.
- C. The receipt of an approved boundary line transfer does not confer upon the applicant or recipient of such property transferred approval for construction, new construction, addition, zoning or building code approval. Any such application for construction, new construction, addition, zoning or building code approval shall be made in accordance with the Township's Ordinances for each as enumerated in this Code of Ordinances.
